PATRIOTIC NETWORK OF FRANKLIN COUNTY

Who We Are

Having covenanted together as the Franklin County Virginia Assembly by our Compact we purport to pursue the following objectives in our County and the Commonwealth of Virginia:

- ❖ To be a constant reminder to our fellow Citizens of the several God given rights of man and specifically enumerated powers and specifically enumerated constraints on power held within the Virginia Constitution and the Constitution of the United States; to inform our fellow Citizens as to the points of application of these constitutional provisions to specific issues of the day.
- ❖ To constantly remind our fellow Citizens of the danger in which we place ourselves when we forego liberties articulated in our Constitutions in return for promises of certain securities from elected officials.
- ❖ To pray to Nature's God for our elected and/or appointed judges and officials at the state, local and national level. To seek God's conspicuous blessing and intervention into their purposes and actions; to hold these men in the public realm up in intercessory prayer.
- ❖ To be constantly vigilant as to the intentions spoken by elected and appointed men and actions taken by them; where their statements and actions are inconsistent with Constitutional provisions declare to them and our fellow citizens where they are in violation of Constitutional content, the illegality of them and the dangers of pursuit of these things.

- ❖ To conduct ourselves in a manner which glorifies God and brings honor to His name while standing in the gap to defend our precious Liberties. For more information on who we are, visit our website at www.patrioticnfc.net.
